

## English Language Course's

### Students Comments

The English language course taught by Mr. Stockton was interactive, challenging and engaging. I enjoyed the enthusiastic approach, practical mind-set, and expertise in teaching demonstrated by our lecturer.

Mr. Stockton provided extensive materials and thematic assignments for each lesson. During each lesson, the students made presentations on a given topic, and when it was necessary, the lecturer softly corrected them.

Mr. Stockton has strong planning and organisational skills. Each lesson was planned according to a schedule convenient for the course participants.

I would recommend the English business course to anyone that would like to start a new career abroad. The course is really detailed and Roly was always trying to involve us in the conversation and asking our point of view.

Roly made every lesson really inspiring and at the end of each lesson, we always discovered something new.

Moreover, I have learnt from his lessons to not take anything for granted because the purpose of his lessons was to make us think and extrapolate our evaluations.

I cannot say enough thanks to him for having attended his lectures.

"Well-prepared classes, with carefully planned subjects. In addition, it is noticeable that Roland has the vocation to teach and he does it with great pleasure. I improved my level of English, having increased my vocabulary and expressions in English."

Fun classes after working, the best method for disconnecting, one of the best English teachers I have ever had. I enjoyed the interesting, flexible and pluralistic classes about many items.

I really liked your lessons, not just a typical English lesson in which you only learn grammar; your lessons are more practical. We would talk about different topics of daily life and you always ensured that we all participated. We could see your passion for teaching. Thanks.

Paula. Spain

Thank you for your classes, your lessons are very funny. I learned not only grammar and but many interesting different things. Although, my English level was not very good, you had a lot of patience with me. You are a good teacher. Thank you Roland

Roland is one of the most respectful teachers I have ever had, also very funny and unique. He takes into account the student's opinion as he plans the lessons taking in mind our preferences and situations (which does not happen very often). The classes are very enjoyable, interesting and useful as he empowers us to speak out in English and argue ideas and opinions, rather than just studying vocabulary and lessons. I particularly appreciate that he uses a wide vocabulary in class.

María Parreño Fernández , Argentina

I think that the lessons were delightful and creative. The notes you gave us every time were helpful and to the point. On the other hand, you completed the lessons with your nice character.

Georgia Maltezou, Greece

"I fully enjoyed the English session with Roly, creatively filled with interesting subjects, very useful handouts and resources.

Roly is great! He is a very clear thinker, experienced, professional and receptive to individual student needs. He made us feel comfortable, gave us confidence and his lessons were effective, engaging and fun. I love English a lot more.

I highly recommend him!"

Bianca, Romania

Roland is a very passionate teacher, he kept your attention through amazing stories and knowledge he teaches. He is able to transmit English vocabulary by speaking interesting topics and ideas. The classes were dynamic and many of the topics could be chosen by us to learn more about what we like or are curious about. I really enjoyed the classes!

Maria N, Spain

I really enjoyed the way Roly managed his lessons with always new interesting and helpful topics, I think he is a very talented teacher and entertainer with a special ability to involve people. I totally recommend his lessons.
